DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

2. Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

3. The claim is not numbered, it contains unexplained abbreviations (DMF and PU) and the bonds between the methylene groups are not shown. The examiner assumes that the "aromatic agents" are perfumes.

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Pan 2002/0132876.
6. Claim 1 of the reference is almost identical to claim 1 of the instant application. The only significant difference is that the connecting bonds from the tin to the carbons are to different carbons. However, this difference is obviously due an error of applicant, since this result in incorrect valences. Applicant's claim is not novel.

Art Unit: 1714

7. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Pan 2002/0132876, in view of applicant's amendment to U.S. Application 09/810,392 as evidence.

8. The amendment, dated 2/5/03 shows a corrected formula, which is identical to the one claimed in the instant application. This proves the contention of the paragraph #6. The date of the amendment precedes the filing date of the instant application by less than one year, however evidence does not have to precede the filing date of the application by more than one year for a 102(b) rejection. See M.P.E. P.2124 (page 2100-65). The amendment is in the public domain. See "www.USPTO.gov".
